3. SCORE contracts with a private health care company, NaphCare, to provide both medical and mental health care to the individuals in its custody. A true and correct copy of NaphCare's records related to Ms. Rodriguez is attached hereto as exhibit 2.

5. According to NaphCare's records, Ms. Rodriguez was seen by a NaphCare medical personnel within approximately three hours of arrival at SCORE, at 5:56 p.m.. Ms. Rodriguez was reported by the NaphCare medical staff to be uncooperative with their attempts to assess her and her behavior was indicative of potential drug intoxication, mental illness, or both. Ms. Rodriguez was observed several more times in booking by registered nurses, at 4:31 a.m., 7:58 a.m. and 9:31 a.m. on December 31. The nurses were unable to get her to cooperate with the medical screening process.

6. A NaphCare mental health professional (MHP) attempted to evaluate Ms. Rodriguez the on December 31, 2017 at 3:26 p.m.. According to the MHP's notes of the observation, Ms. Rodriguez was "refusing to cooperate with booking process . . . [s]he does not appropriately answer questions regarding medication, substance use, if there's a family member MHP can call . . . She is pleasant but non-cooperative with contact . . ." Two more nurses attempted, unsuccessfully, to conduct a medical screening on Ms. Rodriguez on December 31, at 6:53 p.m. and 11:15 p.m. on December 31.

7. Ms. Rodriguez was moved from booking to the Jail's medical wing, rather than general population, at 9:19 p.m. on December 31. She was observed in the medical wing by a registered nurse early the next morning, January 1, at 7:10 a.m. That nurse noted that they were unable to do a medical intake due to Ms. Rodriguez's behavior. A MHP observed Ms. Rodriguez at 11:45 a.m. on January 1 and attempted to engage with her to find out if there was someone the MHP could call. The same MHP later contacted the local Crisis Clinic at 1:14 p.m.

1 that same day, to try and locate information about Ms. Rodriguez, but they had no record of
 2 her. At 1:33 p.m. on January 1, Ms. Rodriguez was observed by another MHP, but was unable
 3 to complete an assessment because Ms. Rodriguez would not cooperate.

4 8. At 7:36 p.m., on January 1, a registered nurse observed Ms. Rodriguez and noted that
 5 she had been “seen by mental health.” The next morning, January 2, a registered nurse spoke
 6 with Ms. Rodriguez at her cell and observed her behavior. A few hours later, at 12:26 p.m., a
 7 MHP spoke with Ms. Rodriguez and noted she “made good eye contact but seemed unable to
 8 understand questions put to her about how she was feeling.” At 12:39 p.m., the Mental Health
 9 Director for NaphCare spoke with Ms. Rodriguez and was able to obtain a urine sample from
 10 Ms. Rodriguez. Later that evening, of January 2, the results of the urine test came back
 11 negative for drugs or pregnancy. Ms. Rodriguez was noted to be “mostly calm during the day.”
 12

13 9. The next day, January 3, Ms. Rodriguez was observed by a registered nurse at 11:50
 14 a.m.. On January 3, the NaphCare Mental Health Director noted that Ms. Rodriguez was
 15 making herself vomit up water. She was moved to a medical cell without running water at
 16 approximately 2:50 p.m. on January 3 to allow her water intake to be monitored. A MHP
 17 attempted to engage Ms. Rodriguez on January 3, but noted at 6:45 p.m. that night that Ms.
 18 Rodriguez would not interact with him. At approximately 11:46 p.m. on January 3, Ms.
 19 Rodriguez was found to be unresponsive in her cell. Immediate life saving efforts were
 20 unsuccessful.
 21

22 10. The King County coroner determined that the cause of Ms. Rodriguez’s death was
 23 “natural causes” and that “no injuries caused or contributed to her death.” A true and correct
 24 copy of the Coroner’s report is attached herto as exhibit 3.

I asked Inmate Rodriguez again if she would put on a uniform. I tossed her the uniform from the door and she eagerly put it on. She also said she was thirsty. I told her I was moving her to Medical. With Officer Allen I entered the cell. She was already on the ground so I rolled her over and applied handcuffs to her wrists. She talked the entire time, but was compliant and followed my directions. I doubled locked the handcuffs and Officer Allen and I helped her stand. She walked with some assistance, but seemed anxious to get walked somewhere and was compliant the entire time.

Once I entered Medical cell 17 we placed her face down on the mattress. I removed her handcuffs and she again was compliant and remained on the bed until Officer Allen and I exited the cell.

ON (date) 12/30/2017 AT (time) 13:15, WITHIN THE (city/unincorporated area of county) CITY OF SEATAC, KING COUNT, W
COUNTY OF KING, STATE OF WASHINGTON, THE FOLLOWING DID OCCUR

Rodriguez and Gil Paulino have been married 15 years and have 4 children (3 children in common). Gil Paulino called 911 when his wife punched him in the face without any provocation or warning. He explained Rodriguez has been diagnosed as paranoid but the doctors declined to put her on any medication. At the listed date and time, he walked into the bedroom for something as she was resting on the bed. Without warning or conversation, she jumped up calling him the "devil" and punched him in the left side of his face with a closed fist with her right hand. A short time after deputies (R. Adams & L. Adams) arrived, she began spitting at L. Adams and began swinging with both fists trying to punch the officer. She was restrained with cuffs and a spit bag without injury to her or the officers. She was booked for Assault 4 DV into the SCORE Jail.

Type: SOCIAL WORKER

IM has been agitated today. MHP was able to get her to put on a uniform this morning. She refused to go to court. This afternoon, about 2:30, MHP witnessed her throwing up copious amounts of water- just water. No food or color to it at all. She was self-inducing the vomiting by choking herself and coughing. RN and CO reported she ate lunch but vomited it up. There was a foul smell coming from her cell. MHP requested that IM be placed in dry cell and be given water on schedule so her intake can be monitored. Charge RN got vital signs. Medical ARNP and Psych ARNP were alerted to potential water intoxication. When being moved, IM became agitated and cussed the COs out in Spanish. Since IM has stable VS, is eating and drinking, there are no grounds for an ITA referral at this time. Will continue to monitor.

UA obtained, negative for drug or pregnancy. Refused dinner. Seen leaning over toilet, apparently gagging, but no emesis seen. Observed on monitor immediately after as IM returned to bed, and covered in blanket to rest.

Grant Weaver MHP POSTED ON 1/2/2018 12:26:04 PM Central Standard Time

Type: SOCIAL WORKER

IM's cell was trashed with food particles everywhere, her smock was on the floor in a heap with what appeared to be food on it, and she was sitting in her underwear on her bed when approached by MHP. IM actually stood up and talked with MHP about the mess, saying she didn't know how it got there. She made good eye contact but seemed unable to understand questions put to her about how she was feeling. She gave indications that she didn't know me and has no idea why I was there talking with her. IM should continue on MH observation.

Senovia Rivas RN POSTED ON 1/2/2018 7:51:25 AM Central Standard Time

I/M continues to display same behaviors, I/M up all night again, I/M noted at start of shift that she is in underwear and bra tonight. I/M motioned for me to come to door, she asked in English for clothes and new blankets because she is cold. I stated that she put her blanket in the toilet to which she replied calmly "I know." I/M yelling in Spanish the devil, Thomas, Papa, these are consistently the topic of her vocalization, I/M displaying repetitive behaviors, sexual behaviors, praying, pacing in cell, kicking the cell door, hitting the walls, yelling into the toilet and shower drain, turning the water on and off, and screaming out in a very high pitched scream, the screaming is new tonight. Other than the first request I/M has been non responsive, CO has gone up to door and told her to stop kicking the door several times, this request lasts about 15 seconds.

MHP met with IM in booking. IM has been in booking since yesterday afternoon. IM is naked, refusing to cooperate with booking process. IM is naked in cell, talking or singing, and dancing. She comes to the door to speak with MHP, but only communicates via oral fart noises with her tongue out. She behaves flirty with MHP- "making eyes," kissy mouth, putting her hair up around her face. She does not appropriately answer questions regarding medication, substance use, if there's a family member MHP can call- she responds with fart noises. She is pleasant but non-cooperative with contact. She also starts lightly hitting/tapping her pubic area and then starts dancing again, away from the door. She appears clean, hair not disheveled, no signs of facial picking often present with chronic meth use. MHP recommendation on MHOI due to refusal to comply with booking, bizarre behavior. MHP has concerns about possible withdrawal if this behavior is related to substance use. MHP informed RN Brooke and CO Woo about IM.

Page 1

PATHOLOGICAL DIAGNOSES:

1. Sudden death during excited delirium.
2. Hyponatremia and ketonemia.
3. Minor cutaneous contusions and abrasions.
4. Evidence of attempted resuscitation.

OPINION:

The cause of death of this 43-year-old woman who died suddenly after several days of exhibited manic behavior in a correction facility is certified "sudden death in excited delirium". Hyponatremia and ketonemia are metabolic manifestations of her excited delirium. No injuries caused or contributed to her death. The manner of death is natural.
